Dear Mr. Weisberg,

Thank you for mailing me your books. Enclosed is a check for $16.75. I have found one bookstore in West Los Angeles, "Papa Bach," that has Whitewash IV, they did not have your other books. I did not look in the Golden Birds stores "American opinions" do they carry your books?

In the last two or three years I have read as much as I could get my hands on about the JFK murder. Also, about the plane crash that killed E. Howard Hunt's life. Most of this information came from Sherman Skolnick's investigations. I guess it all ties in.

Now for the second hand info I came across on JFK's May ex-brother in-law went into a business of building special airplanes for police depts in Southern Calif. His partner was a man by the name of Hugh McDonald. He told my ex BIL that he had been in the OSS and the CIA and the L.A. Sheriff Dept. He also said that he knew one of the gunmen in the assassination and had talked to him about 3 years ago in Canada. He has written this all up and has it

looked away. I was going to meet this man but they broke up the partnership. I just learned that McDonald is now working for Hollywood Park race track security. By a strange coincidence, back in 1956 I was working in Hawaii on the Island of Maui in the town of Kapaa. I met a priest named John McDonald. He told me if I got a chance when I got back to Los Angeles to please look up his brother Hugh who held a high position in the L.A. Sheriff Dept. I never did look him up but I am sure they are one and the same.

If you think there may be anything to this let me know and if there is anything I can do I will be glad to. I feel all this must come out soon as we will all be lost.

I work in Television production. For eight years I worked on the "FBI" T.V. show. I met a number of agents but that is all — no info. They wouldn't talk. They probably don't know.

Sincerely,

Paul Wurtz
